We look forward to performing your parking lot improvements. During the planning phase of most projects certain items are often overlooked. If these tasks can be addressed beforehand, the execution phase should occur without incidents. Below are specific items you may need to address prior to beginning your project.

**Item I:**

Give adequate notification to residents, employees, or customers of the impending work and its scope. If you would like format ideas for notification letters, please contact us. Post notices in common areas to further reinforce the scheduled work date(s). Please be advised that due to the nature of this work, scheduling is contingent upon weather conditions. It would be recommended that you communicate this clearly in your letter of notification.

**Item II:**

If applicable, have a towing service scheduled in advance to remove cars on the days that the work is to be performed.

**Item III:**

If applicable, contact your trash removal service to relocate dumpsters off the pavement surface and/or reschedule pickup days.

**Item IV:**

Contact your grounds maintenance service and request that they do not cut the grass on the days that work is being performed. Also, do not water surrounding areas prior to or during the execution of this project.

**Item V:**

Notify and make arrangements for all scheduled deliveries and transportation for special needs individuals.

**I have fully read the above items and will execute any items  
that pertain to my project accordingly.**

**CONTRACT INVALID UNLESS EVERY PAGE IS SIGNED AND RETURNED**
