BUDGET UPDATE

At the November Owner Meeting (Thursday, November 15 at 6 p.m.) owners have an opportunity to ask about finances as well as proposed expenditures for 2027. To prepare, the proposed budget will be posted on the website and sent in early October via mail or electronic delivery to all owners. After the Owner meeting, the board will meet to finalize the budget and set the monthly maintenance fee for 2027.

SOLAR LIGHTS

The current "security" lights are scheduled to be replaced in the near future. They cost a lot – electricity, bulbs, parts, and sometimes entire wiring must be replaced which can require trenching, an electrician, etc. The Association is testing some solar lights to see if they will work in our neighborhood. They are "toppers" and would fit on the current poles.

SOCIAL

Mark your calendars: Friday, November 6!
